Re: Notice of File Closure for Small Mining Activities, Twin Knolls/Smith Hill Project, S/001/014, and Thompson Cinders, S/001/016, Beaver County, Utah

Dear Mr. Bushner:

This letter is to notify you that file #S/001/014, for the Twin Knolls/Smith Hill project, and file number S/001/016 for the Thompson Cinders project, located in Beaver County, Utah, will be retired from our files.

The BLM recently informed us that the claim maintenance fee had not been paid for the assessment year beginning September 1, 1994. Your claims were subsequently determined null and void by the BLM. This action along with other substantive circumstances, has caused the BLM to close out their case files for these projects. This Division never received the topographic maps which we requested in our March 16, 1993 letters to you; therefore, we never accepted your notice as complete. We will accept the BLM's recommendation and also close our files accordingly.

If you have any questions or concerns regarding this action, please notify us within 15 days from receipt of this letter.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
